

PROP 18 Water Bond Measure

OPPOSE

The League of Women Voters of California **opposes** the water bond act placed on the ballot by the Legislature and Governor. While the bond contains some funding for water management options that the League favors, such as water conservation, recycling and watershed protection, the overall effect of the measure is to encourage continued reliance on structural water supply solutions such as dams and conveyances that divert more instream flows from fish and wildlife. We believe conservation and effective, sustainable water management, including groundwater management, must have highest priority. Among other flaws, this measure would allow corporations to privatize taxpayer-funded water projects. It would add almost \$1 billion per year in payments on debt when the state can ill afford it.

PROP 20 Redistricting of Congressional Districts

OPPOSE

The League **opposes** Proposition 20, which we believe is well-intentioned but premature. California is in the midst of a major reform of our redistricting process, with a new independent Citizens Redistricting Commission drawing the lines for state Senate and Assembly districts. Proposition 20 would significantly increase the commission's workload by adding Congressional redistricting and shortening the time it would have to do its work. We believe the commission should draw Congressional district lines in the future, but the new process should be fully implemented before the commission's responsibilities are expanded so dramatically. In addition, a new definition in this measure could make it harder for the commission to respect California's diverse neighborhoods and communities as it draws district maps. Let's give redistricting reform a chance to work the way the voters intended before we take the next step and add Congressional redistricting.

PROP 23 Suspends Clean Energy and Air Pollution Standards

OPPOSE

The LWVC vigorously **opposes** this Dirty Energy Proposition, funded by out-of-state oil companies, because it would virtually kill AB 32, the landmark Global Warming Solutions Act of 2006. Proposition 23 would suspend the implementation of AB 32 until the state unemployment rate is 5.5 percent or lower for four consecutive calendar quarters. That has happened only three times in the last four decades! This dangerous proposition would get rid of clean energy standards that will cut air pollution and protect the public health. Proponents say this measure is needed to preserve jobs, but in fact it will jeopardize hundreds of thousands of clean-energy jobs. We must promote California's role as an innovator and investor in a clean-tech economy.

PROP 24 Tax Fairness Act

SUPPORT

Proposition 24 would repeal the corporate tax cuts that were passed in closed-door budget deals of 2008-09. These tax breaks cost approximately \$1.3 billion per year in revenue to the state and benefit only two percent of California's businesses. There is no requirement that they actually result in the creation of private-sector jobs. Proposition 24 will make big multi-state corporations pay their fair share and put \$1.3 billion back into the treasury to help our schools, health care, and other essential services that have suffered severe budget cuts in recent years. The League **supports** this measure, believing that the budget crisis cannot be solved by expenditure cuts alone, let alone expenditure cuts combined with tax cuts with no demonstrated value to the economy.

PROP 25 Simple Majority Vote for Budget

SUPPORT

The LWVC **supports** this measure, which would change the vote required for the Legislature to pass a budget from the current two-thirds to a simple majority. Majority rule is a fundamental part of democracy. The majority should set priorities for spending and take responsibility for them. This measure will change the negotiations over the budget and reduce the stranglehold the minority now exercises over the process. Under Proposition 25, legislators will forfeit salary if they fail to meet the deadline for passing a budget. Budgets that are late and full of gimmicks harm all Californians, damage our economy, and hurt the state's credit rating.

PROP 26 "Polluter Protection"

OPPOSE

Proposition 26 would make new definitions of taxes and therefore require a two-thirds vote on many more government revenue decisions at both the state and local levels. Payments by those who cause harm to the environment or public health are currently defined as regulatory fees. Such fees would become much harder to enact, leaving taxpayers to foot the bill instead of those who pollute or create a public nuisance. The League **opposes** this measure because we believe that decisions on revenue measures should be made by a simple majority vote.

PROP 27 Eliminates State Commission on Redistricting

STRONG OPPOSE

This measure would kill the major redistricting reform voters just approved in 2008 and return the authority for redistricting to the backrooms of the Legislature. Proposition 27 would allow politicians to draw their own districts to protect their jobs. It would take us back to the days when bizarrely shaped districts were drawn in secret, carving up neighborhoods and communities to keep incumbents safely in office. **Vote NO** to keep the power with voters and the voter-approved independent Citizens Redistricting Commission.

NO RECOMMENDATION ON THE OTHER MEASURES ON THIS BALLOT

PROP 19 Legalize and Regulate Marijuana

NO POSITION

Because League positions do not cover the issues in Proposition 19, the LWVC is **taking no stand** on this measure.

PROP 21 \$18 Vehicle License Fee for State Parks and Wildlife Programs NEUTRAL

Proposition 21 establishes a new earmarked fee. The League does not generally support earmarks but is **neutral** on this measure because there is little left that can be done to raise money for the state parks, which provide a valuable recreation and natural preservation resource for the state.

PROP 22 State Government Prohibited from Taking Local Funds

NEUTRAL

The measure would provide some stability in funding for local government. However, it would freeze in place the current dysfunctional system of funding local governments in California. The League will remain **neutral** on Proposition 22.

August 2, 2010

VOTE WITH THE LEAGUE ON NOVEMBER 2!
